

STOBO CASTLE SPA

Lee Boyd has been commissioned to undertake the interior design of a number of areas within Stobo Castle Luxury Spa which the client wishes to upgrade. These include a new Relaxation area, new panoramic Sauna, new Male changing facilities and a Hamam – the Turkish variant of a Roman Bath.

The works are scheduled to start in September 2014 with a rolling programme. All the other Spa facilities will remain open throughout the works.

This work follows from recent award winning projects carried out for Pure Spa in Edinburgh and Aberdeen.

Client: Stobo Castle
Value: undisclosed
Completion: 2015
